Dear Mr Schoener:

Your letter reached me 2 days ago deep in the heart of East Africa in Kenya. I retired in March 1968 in the Panama Canal Zone & decided to travel Europe and Africa for about 18 months. Meanwhile I'm asking my daughter at the address printed above.

Now to your question about pictures of the arrest of Oswald. I would gladly comply with your request but it will not be possible until October this year. Here all my are packed & stored in my household good in Dallas & I will not be able to get at them until after I return to Dallas Oct. 1, 1969.

If this is not to much of a delay, I would be happy to fulfill your request & also give you my eyewitness description of the incident. You can contact me through the printed address above.

Sincerely
Stuart L. Reed
